arthur miller s classic parable of mass hysteria draws a chilling parallel between the salem witch hunt of 1692 one of the strangest and most awful chapters in human history and the mccarthyism which gripped america in the 1950s the story of how the small community of salem is stirred into madness by superstition paranoia and malice culminating in a violent climax is a savage attack on the evils of mindless persecution and the terrifying power of false accusations

now a major film from 20th century fox this is the first ever adaptation of arthur miller s twentieth century classic for the big screen set in the 17th century it famously mirrors the communist witch hunts of mccarthyism in 50s america a fascinating and disturbing dramatisation of the collective psychology of persecution it shows all too painfully how even a close knit rural community can be desolated once doubt and suspicion take hold

a haunting examination of groupthink and mass hysteria in a rural community the place is salem massachusetts in 1692 an enclave of rigid piety huddled on the edge of a wilderness its inhabitants believe unquestioningly in their own sanctity but in arthur miller s edgy masterpiece that very belief will have poisonous consequences when a vengeful teenager accuses a rival of witchcraft and then when those accusations multiply to consume the entire village first produced in 1953 at a time when america was convulsed by a new epidemic of witch hunting the crucible brilliantly explores the threshold between individual guilt and mass hysteria personal spite and collective evil it is a play that is not only relentlessly suspenseful and vastly moving but that compels readers to fathom their hearts and consciences in ways that only the greatest theater ever can a drama of emotional power and impact new york post

mckee and others delve into the significance of the novel as a genre form issues in novel techniques such as displacement the grand theory narrative modes such as subjectivity character and development critical interpretation of the structure of the novel and the novel in historical context

this reference investigates the role of landscape in popular works and in

doing so explores the time in which they were written literary geography an encyclopedia of real and imagined settings is an authoritative guide for students teachers and avid readers who seek to understand the importance of setting in interpreting works of literature including poetry by examining how authors and poets shaped their literary landscapes in such works as the great gatsby and nineteen eighty four readers will discover historical political and cultural context hidden within the words of their favorite reads the alphabetically arranged entries provide easy access to analysis of some of the most well known and frequently assigned pieces of literature and poetry entries begin with a brief introduction to the featured piece of literature and then answer the questions how is literary landscape used to shape the story how is the literary landscape imbued with the geographical political cultural and historical context of the author s contemporary world whether purposeful or not pop up boxes provide quotes about literary landscapes throughout the book and an appendix takes a brief look at the places writers congregated and that inspired them a comprehensive scholarly bibliography of secondary sources pertaining to mapping physical and cultural geography ecocriticism and the role of nature in literature rounds out the work

this book investigates the normalisation of blame shifting within ideological discourse as a broad feature of history working from churchill s truism that history is written by the victors to that end it explores historical episodes of political persecution carried out under cover of moral panic highlighting the process of othering common to each and theorising a historical model of panic driven scapegoating from the results building this model from case studies in witch panic communist panic and terrorist panic respectively the oldest trick in the book builds an argument that features common to each case study reflect broader historical patterning consistent with churchill s maxim on this basis it argues that the periodic construction of bogeymen or folk demons is a useful device for enabling the kind of victim playing and victim blaming critical to protecting elite privilege during periods of crisis and that in being a recurring theme historically panic driven scapegoating retains great ongoing value to the privileged and powerful and thus conspicuously remains an ongoing feature of world politics
